Deep Blue Sea

For this cool, sophisticated Palm Beach apartment, **Cindy Ray Interiors** was inspired by the oceanfront location and the client's casual lifestyle. An organic color palette of whites, beiges and sea-glass greens and blues reflects the surf and sand below, while the mother-of-pearl inlaid shell detail in the flooring ups the ante with a touch of shimmer. Custom details abound, including Lucite and glass coffee tables, a hair hide mosaic carpet, and exotic wood moldings and millwork. The most visually stunning element is the zebrawood cabinetry, which adds texture, warmth and a nod to the movement of the sea. *Cindy Ray Interiors, West Palm Beach (561-655-7272, cindyray.com)*
